

Bachelor of Applied Science

## Information Technology and Administrative Management (ITAM)

**CWU at Everett**

*A University in Your Community*

### PROGRAM OVERVIEW

CWU offers the Bachelor of Applied Science in Information Technology and Administrative Management with a choice of two specializations: IT or Administrative Management. This dynamic program is designed for individuals who want to pursue careers that apply a blend of administrative management, leadership, and information technology skills in contemporary organization environments.

Students have the opportunity to choose one of two focused areas: an IT specialization or Administrative Management specialization. Students complete upper-division course work that prepares them for a leadership and supervisory position in the IT industry. Graduates secure careers as entry- and mid-level information technology and administrative managers. Offered at CWU-Des Moines, CWU-Lynnwood, and CWU at Everett campuses, the program offers evening, weekend, and web-based classes for added flexibility to help students stand out in the marketplace and to gain a baccalaureate degree in a timely fashion.

### ADMISSION REQUIREMENTS

Applicants for the BAS-ITAM must meet the following admission requirements before admittance to the program:

- Completion of the CWU "Basic Skills Requirements" (English 101, English 102, Math, and Logic/Reasoning) or university equivalents or community/technical college equivalents. A minimum overall GPA of 2.3 in the information technology related degree is required. Foreign Language is NOT required.
- Identification of a clearly articulated academic and/or career goal in pursuing the program and approved by the program coordinator:
- Information Technology specialization requires completion of a two-year IT technical degree program with a minimum GPA of 2.3 and a minimum of 40 approved IT related credits.
- Administrative Management specialization requires completion of a two-year technical degree program (in any content area) with a minimum GPA of 2.3.
